6 Partnerships with families and communities

7 Leadership and service management

? **WHY IS IT IMPORTANT?**
Children need quality care and attention that meets their individual needs

Your child will feel safe, secure and that they belong. Positive relationships with educators help your children to play and learn.

Examples of what to look for:

- Your child is made to feel supported and welcomed.
- Educators respond to the individual needs and interests of children.

The **National Quality Framework** introduces a new quality standard to improve children's education and care services across Australia. Seven quality areas help ensure your child is given the best possible start in life. Over time, all Australian services will be rated against the National Quality Standard.
